

Petition “For a Europe of the citizens, with and for us citizens”

To Europe’s politicians, members of:

- the European Parliament
- the European Council
- the European Commission
- the Committee of Ministers and the Parliamentary Assembly of the Council of Europe
- the national Parliaments and Governments of 51 European countries

Ladies and Gentlemen,

We, the undersigned citizens of 51 European countries call for a new democratic and diverse, confederate and subsidiary Europe for the 21st century, close to us citizens, a Europe in which minorities are protected and where we all can live together in peace, freedom and prosperity. - In particular, we call for:

- 1. A democratic and diverse Europe**, in which we citizens determine per referendum our country’s place and role: in a politically integrated core Europe, or in a strong common market or in a vast free trade zone;
- 2. A subsidiary Europe**, in which only shall be delegated to “Brussels” what is absolutely essential, not however what **free, peacefully cooperating countries** can themselves do as well or even better than “Europe”;
- 3. A Europe of empowered citizens**, who shall have the last word on all important issues at the European level - In referenda;
- 4. A Europe that uses its crises (corona, climate change, Brexit, refugees, Ukraine,) as opportunities** - to strengthen democracy, peace, freedom, security and prosperity throughout Europe and in the world;
- 5. A new, future-oriented European Constitution** (the legal basis for our new Europe), which shall be elaborated by a Constitutional Assembly, elected by us citizens, and which then will be put into force in a referendum in each member country.

We convinced Europeans want to take responsibility and control in Europe by launching throughout Europe an irresistible democracy pandemic, so that you, Ladies and Gentlemen - will implement our new Europe without delay, democratically, together with us! - We shall do it together, with commitment, enthusiasm - and with referenda!

Thank you very much!

Citizens of our new Europe:
(first name, last name, country)
