### For a new Europe of all citizens in all European Countries!

To Europe's politicians, members of:

- the European Parliament
- the European Council
- the European Commission
- the Committee of Ministers and the Parliamentary Assembly of the Council of Europe
- the national Parliaments and Governments of 51 European countries

Ladies and Gentlemen,

**We, the undersigned citizens of 51 European countries, are calling for a new, peaceful and democratic, diverse, confederal and subsidiary, strong, prosperous and sustainable Europe for the 21st century, a Europe that protects its minorities and in which we can all live together in peace and freedom. - In particular, we are asking for:**

1. **A peaceful, diverse, democratic Europe, open to all European countries - incl. Russia and Ukraine** - allowing each country, given its rich historical experiences and achievements, to maintain its institutions, cultures and languages **and to cooperate in many different ways, peacefully and successfully, for the benefit of Europe!**
2. **A subsidiary Europe, in which shall be delegated to "Europe" only what is absolutely necessary**, but not what free, peacefully cooperating countries can regulate themselves just as well or even better!
3. **A direct-democratic Europe, in which we empowered citizens shall have the last word on all important issues with referenda** - e.g., on our country's role in Europe, the accession of new member countries and also on crises, in particular on refugees, **pandemics, climate change and the war in Europe!**
4. **A Europe in which such crises will never again be settled with wars, but peacefully, with the ballot sheet**, on the basis of - if necessary - difficult negotiations and with fair compromises - and will consistently be **used as opportunities to strengthen democracy, peace and freedom, security, welfare and human rights - throughout Europe!**
5. **A strong, neutral Europe**, which - to maintain its security and independence, **to prevent wars and to strengthen peace** in the world - will use its **purely defensive army** (consisting of willing countries only) - **exclusively to convert any potential aggressor into a valuable partner, cooperating successfully for the common benefit!**
6. **A Europe to be created democratically with a future-oriented constitution**, for which the citizens elect their country's representatives to the **constitutional council**, then **ratify the constitution** in a national referendum and finally **implement and further develop it in regular referenda**, according to their future needs!

**Alarmed by the severe crises and the war in Europe, we millions of citizens are urging you - Ladies and Gentlemen in Eastern and Western Europe, with our peaceful pan-European online revolt - to start peace negotiations immediately, to lift mutual sanctions and to implement our new Europe democratically without delay, together with us!**

**Together with you, Ladies and Gentlemen, Members of Governments and of Parliaments across Europe, we can and must create a new era of peace, freedom, democracy and human rights - bottom-up - e-democratically - for the whole world - now!**

Thank you very much!

**Your empowered, responsible citizens**
